

Smarter Tracking, Safer Fleets, Bigger Savings

Australia's fastest GPS tracking and fleet management

Managing a fleet shouldn't feel like chaos

- ✓ Drivers in the wrong vehicles, keys going missing
- ✓ Fuel costs creeping up with no clear cause
- ✓ Compliance paperwork eating hours every week
- ✓ No clear view of who's where or what they're doing

Protekt by the numbers

10+

Years serving Australian fleets

5 sec

GPS update interval

100%

Australian-owned and supported

Fleet Platform

Real-time tracking with 5-second updates

- Live map of every vehicle
- Driver safety scoring
- Geofence alerts
- Fuel and idle reporting
- Australian-hosted, Australian support

SCREENSHOT NEEDED

Replace via `content/slideshow/_index.md`

Everything you need in one platform

Live GPS tracking

5-second updates with full historical playback

Driver scoring

Harsh braking, speeding, idle time per driver

Geofences

Alert on site arrivals, departures, after-hours use

Reporting

Fuel, time, productivity, compliance — built in

Pre-Start App

Daily vehicle checks, fully digital

- Drivers complete pre-starts on their phone
- Photos of any defects logged automatically
- Manager dashboard flags issues in real time
- Chain of responsibility evidence built in
- Replaces paper books — no more lost forms

SCREENSHOT NEEDED

Replace via `content/slideshow/_index.md`

Key Locker

RFID-controlled key management

- Stop losing keys, stop unauthorised vehicle use
- Each driver only sees keys they're authorised for
- Bookings integrate with the fleet platform
- Full audit trail of who took what, when
- 20, 50, or 70-key configurations

Why Australian businesses choose Protekt

Australian-owned

Ballarat-based, supporting local fleets since 2015

5-second updates

The fastest GPS tracking in the market

No lock-in contracts

Month-to-month. Cancel any time, no penalties

Australian support

Real people in your timezone, not overseas

"Protekt has paid for itself in the first three months. We've cut idle time by 40% and we finally know which jobs are profitable."

Sarah Mitchell, Operations Manager
Mitchell Plumbing Group, Geelong

- Volume discounts for fleets of 20+

SCREENSHOT NEEDED

Replace via `content/slideshow/_index.md`

Everything included at every tier

All features

No bronze/silver/gold games. You get the lot.

Hardware

GPS units, harnesses, installation — all included

Support

Australian-based, phone and email, no extra cost

Updates

New features roll out automatically

"We switched from a US-based provider because we wanted Australian support that actually picked up the phone. Best decision we made all year."

James O'Reilly, Fleet Manager
O'Reilly Earthworks, Bendigo

Typical customer results

15-20%

Reduction in fuel costs

30%

Less idle time

3 mo

Typical ROI payback

Common questions, quick answers

- ✓ Drivers won't push back — they want safer vehicles and faster jobs too
- ✓ Installation takes under an hour per vehicle, on-site
- ✓ Switching from another provider? We handle the data migration
- ✓ Worried about cost? Most customers save more than they spend in 90 days
